

## B2 Bomber DAC Output Level Trim (rev 1 , 091202)

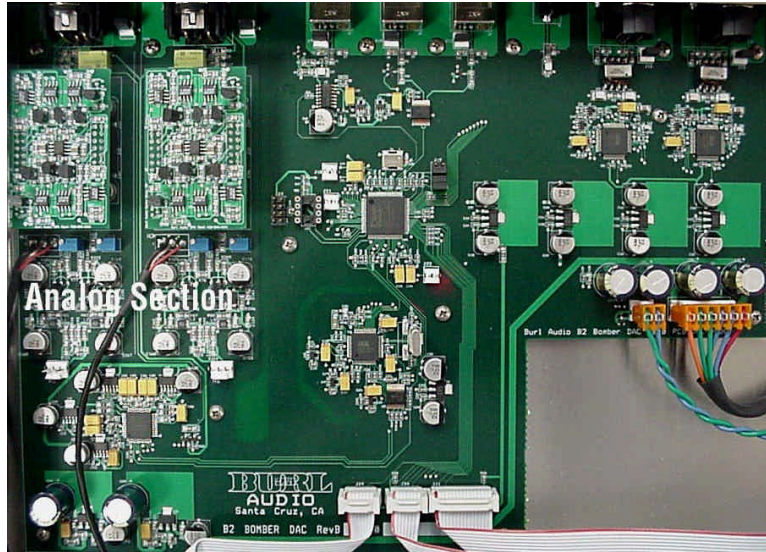

Fig. 1 B2 DAC Overview.

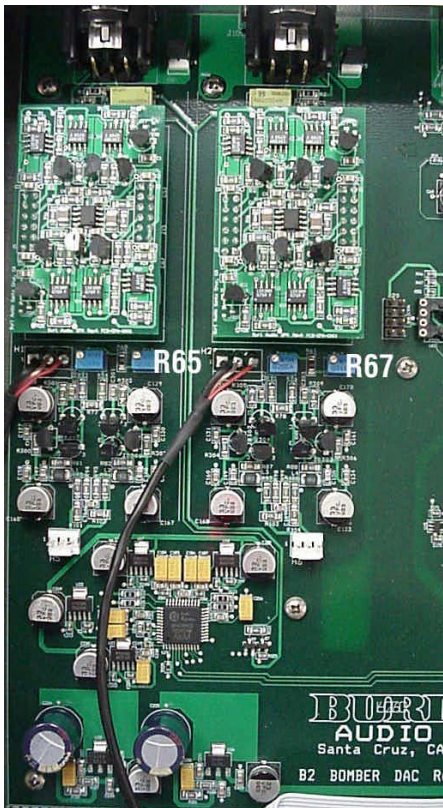

Fig. 2 Analog Section

The B2 Bomber DAC has an Output Level which can be fine tuned with internal trim pots. With the unit facing you, locate the analog section in the upper left corner of the motherboard. There you will find 4 trim pots. R65 and R67 are the fine level adjust.
